INTRODUCTION

The M.A. in Economics is a semester-oriented two-year postgraduate programme offered by Mangalayatan University (Online Distance Learning). The course curriculum, designed by expert educators, covers the topics of applied economics, statistical methods, international economics, public finance, and modern policy challenges to resolve complex economic systems. Our semester curriculum offers careers in research in banking, government, finance, and policy analysis to empower students with academic excellence and provide diverse opportunities to take challenging roles.

MISSION

- To enhance students' academic knowledge in economic theories, quantitative methods, and statistical analysis to interpret economic trends.
- To encourage students to follow research-oriented knowledge and build competency to write academic papers.
- To motivate students to cultivate their critical thinking abilities through evidence-based policy formulation.
- To foster students' professional abilities to make capital planning, budgeting, and development of public policy with ethical responsibility.

OBJECTIVES

The main objective of the M.A. in Economics (Online Distance Learning) at Mangalayatan University is to offer a quality education through online distance learning mode. The course covers the foundational knowledge of theoretical and practical subjects to build students' competitive qualities to overcome professional challenges. The curriculum modules cover the topics of economic theories to shape students' intercultural awareness. The prime focus is to promote awareness of social issues and responsibilities and enhance research competence.

INSTRUCTIONAL DESIGN
